

### AFTER ANY BW/CW INCIDENT

**LISTEN:** Keep calm and listen to the radio/TV for official news updates. Stay indoors and maintain protective measures until notified by the media or public safety officials that the area is safe

**DECON:**

- Minimize contact with all outside surfaces; avoid droplets and residues
- Remove contaminated clothing as soon as possible/place in a sealed plastic bag
- Wash exposed skin with soap and water and shampoo hair

**SEEK CARE:** If exposure is known or suspected, report to the nearest medical facility as directed by public health officials for evaluation and treatment. Inform the staff you may be contaminated

**EMERGENCY ACTIONS  
TO TAKE FOR  
SELF PROTECTION  
AGAINST POTENTIAL  
BIOLOGICAL AND  
CHEMICAL AGENT  
EXPOSURE**

**U.S. AIR FORCE**

### INDOORS

**MASK:** Put on breathing protection (gas or escape mask) or cover mouth and nose with a cloth

**MOVE:** To the highest and most interior room of the house or building

**SHELTER:**

- Turn off all electrical appliances, fans, air conditioners, furnaces, etc
- Close and lock all windows, vents, doors, fireplaces, etc
- Seal room windows and door seals with duct or masking tape
- Seal door thresholds with wet towel
- Sit adjacent to an inner wall and away from outer walls and windows Do not smoke, light candles, or use any sources of open flame

### OUTDOORS

**MASK:** Put on breathing protection (gas or escape mask) or cover mouth and nose with a cloth

**MOVE:** Laterally and upwind, away from any smoke or aerosol cloud

**SHELTER:** Seek shelter in a building or covered structure (see above). If caught in a vehicle, make your way to permanent shelter as soon as conditions permit. If you must remain in the vehicle:

- Pull over
- Shut off the engine, air conditioner, heater and vents
- Roll up windows.
